File Ref:

To: Legislative Reference Bureau

From: Erin Egan
Bureau of Driver Services, Division of Motor Vehicles

Subject: Technical Note for AB 76

As it is currently drafted, AB 76 uses the undefined term "wireless telecommunication device". This term could be construed to include AM/FM radios, GPS navigation devices, OnStar systems, pagers, CB radios, and any other device capable of wirelessly transmitting or receiving electronic data. A definition of "wireless telecommunication device" should be added to the bill.

We appreciate your attention to this technical concern.
